Union Examiner Application Process

This application document is offered to all active and current Union Financial Members who hold the rank of 4th Dan Black Belt and over. There is no limit to the number of approved Union Examiners. Anyone who fits the criteria can apply.

The purpose of this application process is to ensure that all Union Examiners meet the criteria and expectations of the Union and will give an undertaking to observe and abide by all Grading Regulations and Examiner Procedures.

It is required that any member wishing to conduct a Union Grading must first apply to the Union Executive Council to do so and obtain full approval. To grade any member of this organisation is a privilege extended by the Union on the proviso that the approved Examiner adheres to all Union Grading Regulations and Examiner Procedures.

The Union and the applicant both recognise that to conduct a grading is both a privilege and an honour and to be an Examiner is a position of great standing and responsibility. The applicant will also be a qualified, experienced and active member of our organisation and will undertake to being actively involved in all Union activities, events and be committed to up-skilling themselves on a regular basis to remain qualified to hold the position of a Union Examiner.

The Taekwondo Union of New Zealand (the Union) offers its members a national grading system that requires uniformity and the ongoing monitoring of its standards and regulations.

The purpose of these standards and regulations is to ensure that Union Gradings are the same for all members. They are designed to be flexible enough to encompass all levels of Union members and award a nationally recognised Colour Belt grade (Geup), Junior Black Belt (Poon), Black Belt (Dan) and certification for all Union members.

The Union has established the following three types of commissions to conduct its grading activities: -

1. Entrusted Commission-Colour Belt Gradings

The Entrusted Commission is composed of the Technical committee or an approved Union Examiner, either of whom can determine the grades of Colour Belt members.

2. Special Commission-Black Belt Gradings

The Special Commission is composed of a Grading Panel consisting of two appropriately ranked Examiners. This panel must include the Technical committee or an approved Union Examiner, and one other Qualified Black Belt or Union Examiner authorised by the Technical committee. The Special Commission determines the grade of Junior Black Belt and Dan Black Belt students, in accordance with the grading procedures, schedules and standards set by the Union and in relation to the WTF.

3. Entrusted Commission- Own Club Colour Belt Gradings

The Entrusted Commission is composed of the Technical committee or an approved Union Examiner, either of whom can determine the grades of their own club's Colour Belt members.
